FLOUR!

We unloaded today a car of Marigold Flour, the flour that we handled with marked success and satisfaction for three years until last fall when we switched brands temporarily. This is our second car this fall and it is delightful to hear our customers voluntarily say that they are glad we are handling Marigold Flour again. We received more compliments on the first car than a flour usually gets in a years time. The car unloaded Monday afternoon is in fine shape and we want you to try a sack of it. Phone us now and tell us when you want it delivered and you too will be "glad you're handling Marigold Flour again."

GOVERNMENT CROP REPORT IS LOW

Condition as Shown by Government Figures Lower Than This Time Last Year.

[By Associated Press.] Washington, Oct. 2.—The condition of the growing cotton crop of the United States on September 25 was 69.6 per cent of a normal, as estimated by the crop reporting board of the department of agriculture's bureau of statistics in its last cotton condition report of the season, issued at noon today, and reckoned from the reports of correspondents and agents of the government located throughout the cotton belt. This compares with a condition of 74.8 per cent of a normal on August 25; 71.1 per cent on September 25 last year; 65.9 per cent on September 25, 1910; and 67.5 per cent, the average normal condition for the past ten years on September 25.

President Taft Lays Cornerstone.

Boston, Mass., Oct. 2.—President Taft lays the cornerstone of the new Huntington Avenue Building of the Boston N. Y. M. C. this afternoon. Arthur S. Johnson, president of the association, will preside. The President will place the cornerstone and make an address.

CAMPAIGN CONTRIBUTION ARE STARTLING

Preconvention Expenses Enormous. Charles P. Taft Spent \$600,000 to Secure the President's Nomination.

[By Associated Press.] Washington, Oct. 2.—Senator Dixon, who was before the campaign investigating committee today, said he had been reliably informed that Thomas F. Ryan and A. H. Plant of the Southern railway contributed liberally to Underwood's campaign; that Joseph B. Davies spent \$38,000 on Wilson's preconvention campaign; that Charles P. Taft spent \$600,000 for the president, and that leading New York financiers spent large sums for Harmon.

Senator Dixon testified he spent \$96,000 in Roosevelt primaries. He went to George W. Perkins when "hard up."

Former Republican National Treasurer Sheldon said that Bliss showed him a report which showed that in 1904 the Standard Oil Company, J. P. Morgan & Co., H. C. Frick and George J. Gould contributed \$100,000 each. The Bliss report showed that corporations contributed over 70 per cent of the total fund.

GOVERNMENT COTTON GINNING REPORT

Texas Leads All the Others and is Four Hundred Thousand Ahead of This Date Last Year.

[By Associated Press.] Washington, Oct. 2.—The second cotton ginning report of the census bureau, issued at 10 a. m. today, announced that 5,015,033 bales of cotton of the growth of 1912 had been ginned prior to September 25, counting round as half bales. To that date last year 3,676,594 bales, or 23.6 per cent of the entire crop, had been ginned; in 1908 to that date 2,590,639 bales, or 19.8 per cent, of the crop had been ginned; and in 1906 to that date 2,057,283 bales, or 15.8 per cent, of the crop had been ginned.

Included in the total ginnings were 19,450 round bales, compared with 27,918 round bales ginned to September 25 last year; 38,026 round bales in 1910 and 8,070 round bales in 1909.

The number of bales of Sea Island cotton included was 3026 bales, compared with 11,807 bales last year, 13,832 bales in 1909, and 11,457 bales in 1908.

SENATOR CULBERSON SEEKS FIRST HAND INFORMATION

San Antonio, Texas, Oct. 2.—United States Senator Charles A. Culberson, whose home is in Dallas, has been spending some time in San Antonio and along the Mexican border getting first hand information relative to the situation in Mexico. The revolution in the sister republic rises and falls so frequently that it keeps portions of that country in a constant ferment and while it is hoped here that the government finally has obtained the mastery, Senator Culberson wishes to be advised of real conditions in case congress should be called on to take action.

THE WEATHER.

Wednesday, Oct. 2, 1912.
Tonight and Thursday fair.

Weather Notes.

The barometric depression in the western gulf has begun to move eastward. A general barometric depression has appeared over the northern Rocky Mountain region. This disturbance is followed by another area of high pressure which is giving colder weather with rain in that section. The weather in this vicinity for tonight and Thursday will be fair.

Carrington, Progressive National Committeeman from Maryland, has charge of the arrangements connected with the Colonel's visit. It is expected that a part of Mr. Roosevelt's remarks will be devoted to the colored voters of Maryland, who are anxious to know how he regards their peculiar position in this state.

ESSENKAY

End of all Tire Trouble

It doesn't make any difference how many nails or tacks may penetrate the casing, they have absolutely no effect. They cannot possibly produce a flat tire. No such thing as a puncture or blow-out is possible. In fact there isn't a tire trouble known, that is possible with the use of Essenkay. Your tire troubles are over and your expense for tires has not only been cut in half but has been reduced nearly two thirds.

Have Essenkay Installed by the Essenkay Sales Company of Bryan, Texas.
